INTRODUCTION

Welcome to the SDGs report for Bali Tourism Polytechnic, where we embark on a transformative journey toward sustainability and positive impact. This comprehensive report not only highlights our significant achievements in advancing the Sustainable Development Goals (SDGs) but also outlines our vision and strategic initiatives for the future.

We are proud of our commitment to gender equality, decent work, sustainable communities, and robust partnerships that empower our students and communities alike. Through innovative programs and collaborative efforts, we strive to inspire change, foster resilience, and drive meaningful progress in the tourism sector.

As we reflect on our accomplishments, we invite you to join us in exploring the challenges and opportunities that lie ahead. Together, we can cultivate a future where sustainability is not just a goal but a way of life, ensuring a better world for generations to come. Let this report serve as both a celebration of our journey so far and a renewed call to action for everyone involved in making the SDGs attainable.

For more details information of our activities related to SDGs, we invite you to our official SDGs website:

Yours sincerely,
BiTP Global - SDGs Team

MESSAGE FROM OUR LEADER

As Director of Bali Tourism Polytechnic (BiTP), I am proud to share our annual report on the institution's progress towards the Sustainable Development Goals (SDGs) for the period of June 2023 to June 2024. This year, we focused on four critical goals: SDG 5 (Gender Equality), SDG 8 (Decent Work and Economic Growth), SDG 11 (Sustainable Cities and Communities), and SDG 17 (Partnerships for the Goals).

BiTP remains committed to fostering gender equality through SDG 5 by empowering women in tourism education, breaking barriers in traditionally male-dominated fields, and providing opportunities for leadership and success.

Through SDG 8, we have strengthened our programs to ensure students are equipped with the skills needed to thrive in the global tourism industry. Our focus on sustainable tourism practices promotes not only economic growth but also social responsibility.

In line with SDG 11, BiTP has become a model for sustainable campuses, with initiatives such as pedestrian-friendly zones and eco-friendly infrastructure. We aim to inspire our community to contribute to sustainable urban living.

Lastly, SDG 17 underscores the importance of partnerships. Through strategic collaborations with industry, government, and international institutions, BiTP continues to expand its influence, making meaningful contributions toward the SDGs.

I extend my gratitude to the entire BiTP community for their commitment to sustainability.

**Let us continue to lead with purpose,
passion, and perseverance as we advance
the role of higher education in realizing a
more sustainable world.**

Dr. Drs. Ida Bagus Putu Puja, M.Kes.
Director of Bali Tourism Polytechnic

OUR

The 17 SDGs are all important and interconnected, though some may hold greater relevance to our institution. This section can outline the specific SDGs and targets our organization is focusing on and illustrate how they align with our internal strategies and objectives.

PRIORITY

01. SDG 5 (Gender Equality)

Our commitment to SDG 5 is shown through ongoing efforts to promote gender equality in tourism education. We create opportunities for women in traditionally male-dominated fields, empowering them for leadership and success. Through strategic programs, we aim to close the gender gap and build a more equitable future.

02. SDG 8 (Decent Work and Economic Growth)

Aligned with SDG 8, BiTP is dedicated to fostering decent work and economic growth by equipping students with skills for the global tourism market. Through innovative curricula, industry partnerships, and hands-on training, we prepare graduates to lead in responsible and sustainable tourism, contributing to both local and global economic development.

03. SDG 11 (Sustainable Cities and Communities)

SDG 11 is central to our mission of building sustainable communities. BiTP leads by example with pedestrian-friendly zones and eco-friendly infrastructure, showing how higher education can support urban sustainability. We inspire students, faculty, and partners to contribute to a healthier, more sustainable future.

04. SDG 17 (Partnerships for the Goals)

Our achievements are rooted in collaboration, as emphasized by SDG 17. Partnerships with governments, organizations, industry, and academia have strengthened BiTP's impact, ensuring our efforts contribute to the global movement for a more sustainable future.

SDG 5 (GENDER EQUALITY)

Our commitment to SDG 5 is shown through ongoing efforts to promote gender equality in tourism education. We create opportunities for women in traditionally male-dominated fields, empowering them for leadership and success. Through strategic programs, we aim to close the gender gap and build a more equitable future.

Bali Tourism Polytechnic (BiTP) plays a significant role in promoting gender equality, in line with SDG 5, by fostering the empowerment of women in the tourism industry. Through its involvement in global events like the UN Tourism International Conference, BiTP actively supports leadership roles for women in tourism, particularly in traditionally male-dominated areas.

Initiatives such as these are aimed at closing gender gaps, creating equitable opportunities, and enhancing the presence of women in tourism sectors across Asia and the Pacific. BiTP's efforts include partnerships, curriculum innovations, and capacity-building programs.

For more details, visit the official SDG 5 page of BiTP:
[.https://padma.ppb.ac.id/category/gender-equality](https://padma.ppb.ac.id/category/gender-equality)

SDG 8 (DECENT WORK AND ECONOMIC GROWTH)

Aligned with SDG 8, BiTP is dedicated to fostering decent work and economic growth by equipping students with skills for the global tourism market. Through innovative curricula, industry partnerships, and hands-on training, we prepare graduates to lead in responsible and sustainable tourism, contributing to both local and global economic development.

Bali Tourism Polytechnic (BiTP) strongly supports SDG 8 by driving initiatives focused on decent work and sustainable economic growth, particularly in the tourism sector.

Key activities include training on tourism service improvement in Keliki Village and tour package creation in Kenderan Village. BiTP also enhances event management skills for MSMEs, boosting local economic resilience. Additionally, through collaborations with regional communities, BiTP offers tourism management training in areas like Sangiran and Baturiti, equipping participants with the skills to thrive in a competitive market and promote responsible, sustainable tourism.

For more details, visit the official SDG 8 page of BiTP:

<https://padma.ppb.ac.id/category/decent-work-and-economic-growth>

SDG 11 (SUSTAINABLE CITIES AND COMMUNITIES)

SDG 11 is central to our mission of building sustainable communities. BiTP leads by example with pedestrian-friendly zones and eco-friendly infrastructure, showing how higher education can support urban sustainability. We inspire students, faculty, and partners to contribute to a healthier, more sustainable future.

Bali Tourism Polytechnic (BiTP) actively advances SDG 11 through community engagement initiatives that enhance sustainability in local tourism. One notable project involved culinary training in Bugbug Village, Karangasem, where BiTP provided hands-on workshops focused on seafood management and hygiene practices. This training not only equips residents with valuable skills but also promotes the use of local ingredients, thereby preserving culinary traditions and boosting the village's appeal as a food tourism destination.

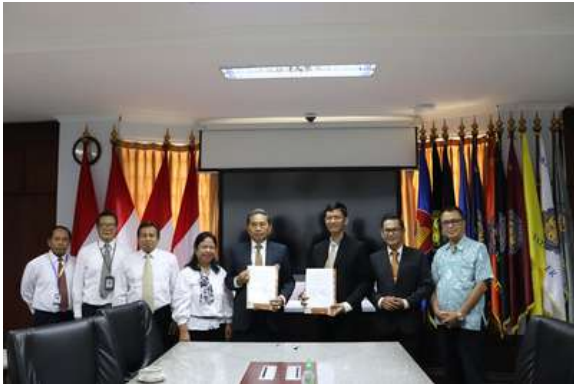

By empowering local communities, BiTP fosters sustainable economic growth and contributes to the overall resilience of the region.

SDG 17 (PARTNERSHIPS FOR THE GOALS)

Our achievements are rooted in collaboration, as emphasized by SDG 17. Partnerships with governments, organizations, industry, and academia have strengthened BiTP's impact, ensuring our efforts contribute to the global movement for a more sustainable future.

Bali Tourism Polytechnic (BiTP) champions SDG 17 through dynamic partnerships that drive sustainable tourism. Collaborating with local governments, NGOs, and international organizations, BiTP fosters innovation and collective action. These collaborations enhance program relevance and effectiveness, addressing local challenges while aligning with global sustainability standards. BiTP empowers communities through joint initiatives, capacity-building programs, and hands-on engagement, amplifying its impact on responsible tourism practices.

By showcasing the strength of collaboration, BiTP sets an example for educational institutions, paving the way for a sustainable tourism future in Bali and beyond.

OTHER SDGS

Our activities regarding other SDGs could be followed through our official SDGs website. To ease the access, you may click the each SDGs to directly access each page.

NEXT STEPS

What are the next steps? Sustainability reports not only reflect past efforts but also look ahead. This section outlines our strategy for sustaining the positive work achieved thus far.

01. Strengthen Stakeholder Engagement

Identify and collaborate with relevant partners for each SDG—local governments for SDG 11, industry leaders for SDG 8, and NGOs for SDG 5 and SDG 17—to create a cohesive strategy for sustainable tourism.

02. Implement Targeted Initiatives

Launch specific projects for each SDG, such as gender equality programs for SDG 5, decent work training for SDG 8, community development for SDG 11, and partnership-building activities for SDG 17.

03. Focus Research Topics and Outputs on the SDGs

Focusing research topics and outputs on the Sustainable Development Goals (SDGs) means aligning inquiries with global efforts to tackle social, economic, and environmental issues. This approach helps institutions like Bali Tourism Polytechnic create meaningful impacts through their research while fostering innovation and collaboration across various sectors. Prioritizing the SDGs ensures that research contributes to sustainability and equity in local and global contexts.

CONCLUSION

This section serves to highlight the key achievements and reinforce your unwavering commitment to making the Sustainable Development Goals a reality. By reflecting on past successes, we set the stage for future initiatives, inspiring continued progress and collaboration in our pursuit of sustainability. Let's embrace the challenges ahead and work together to create a more equitable and sustainable world for all.

01

Commitment to Sustainability

Bali Tourism Polytechnic demonstrates a strong commitment to advancing the Sustainable Development Goals (SDGs) through targeted initiatives in education, gender equality, and sustainable tourism practices.

02

Strategic Partnerships

The institution actively builds partnerships with local and global stakeholders, enhancing its capacity to implement impactful programs that align with the SDGs.

03

Focus on Community Impact

BiTP prioritizes community engagement and capacity-building, ensuring that its efforts contribute to local economic growth, social equity, and environmental sustainability.

Like a lotus flower (Padma) that grows beautifully in muddy soil, Bali Tourism Polytechnic will continue to strive for action, innovation, and collaboration in achieving the SDGs to realize sustainable tourism that brings prosperity.

We thank you for your continued support in our efforts to contribute to the SDGs.
